2011 gewürztraminer

2011 was our first production of Gewürztraminer from our youngest vineyard. The fruit was plentiful and the growing conditions were spectacular. During harvest, our winemaker allowed the pressed Gewürztraminer juice to sit on its skins for 12 hours, which enhanced the beautiful floral aromas that are so adamantly desired in Gewürztraminer. This wine is ready to drink now but will only get better as time passes.

NOSE

This wine explodes from the glass with beautiful aromas of rose petals followed by light fruit flavors.

PALATE

It has a nice full palate with an incredibly long finish. The spice often found in Gewürztraminer is present by not overwhelming. This wine will certainly delight your taste buds.
